Typical room type

Bucklands Residential Care

Bucklands Residential Care maintains a historical ambience as it is set within the historic mansion built in 1882 by wine merchant AE Tolley.

Bucklands Residential Care provides high care and memory support services delivered by our team of qualified staff who provide individualised care to suit the level and complexity of your needs.

We offer a broad range of lifestyle programs designed to accommodate your individual needs and are designed to encourage you to attend our Health and Fitness Centre to support your fitness goals.

There are also many comfortable areas to relax or socialise with family and friends and a well-stocked library.

Each of the 147 individual rooms offers you spacious ensuites, built-in wardrobes, and reverse cycle air-conditioning.

We provide chef-cooked meals, prepared on-site, and can cater for your special dietary requirements.

Southern Cross Care’s whole-person approach means we also cater to your spiritual needs. The chapel caters to all faiths and denominations. Pastoral care staff are also available to provide counselling and social support to you.
